## **UNDERSTAND WHAT YOU PURCHASED**

After you purchase a new insurance policy, renew a policy or add an insurance endorsement, we always want you to check your declaration pages.

### But how exactly do you do that?

Each policy that you have will have a separate dec page. These pages contain vital information about your policy, including the types of coverage you have, the limits of coverage, and any exclusions or conditions that may apply.

# Here's what we want you to look for (and confirm that what you read is correct):

- 1. Confirm your contact information
- 2. Depending on the type of insurance you have, please make sure drivers, vehicles, property locations, equipment, and operations are correctly listed correctly
- 3. Take note of the effective dates
- 4. Confirm that your coverage amounts are what you discussed with your agent
- 5. Check to ensure that any endorsements you added are listed on your dec pages
